BATTLE AT MUKDEN MAY HAVE BEGUN

Meagre Reports That Another
Great Struggle is on.

The Czar Leaves to Bid Baltic Fleet
Farewell—Quiet at Port
Arthur.

NO STARTLING NEWS TODAY

London, Oct. 8.—The Paris papers this morning received reports that the battle of Mukden has begun. The reports have received some confirmation, but nothing official has been obtained. In the same connection, the Evening Star prints a dispatch from Tien Tsin which states that Field Marshal Oyama has ordered big guns rushed to Liao Yang from Port Arthur.

CZAR TO SAY GOOD-BYE.

London, Oct. 8.—The St. Petersburg correspondent of the Exchange Telegraph company, wires that the czar will visit Reval today to bid good-bye to the Baltic fleet, which starts at once for the far east.

ORDER NEW VESSELS.

Copenhagen, Oct. 8.—It is reported that Russia has ordered a Danish firm to construct three warships for delivery after the Russo-Japanese war. The vessels will cost forty million kroner.

RUNNING BLOCKADE.

St. Petersburg, Oct. 8.—A special dispatch from Mukden, dated October 7, says there has been no change of importance in the general situation.

The blockade of Port Arthur appears not to have been so effective recently, as a number of messengers have slipped through. The latest advices stated the fortress has sufficient ammunition and provisions to enable the garrison to hold out nine months.

NAY, NAY, SAYS ENGLAND.

London, Oct. 8.—Replying to the letter from the International Arbitration and Peace association, suggested that the time is at hand when His Majesty's ministers, in concert with other powers, can, with good hope of success, appeal to Russia and Japan to suspend the conflict in the far east. Foreign Minister Lansdowne writes as follows: "Neither of the belligerents having expressed any desire for mediation on the part of other powers, His Majesty's government does not consider that it could with advantage take such action as is suggested by your committee."

BRITISH SHIP CAPTURED.

London, Oct. 8.—Lloyd's New China correspondent confirms the report from Shanghai that the British steamer Sisham, from Hong Kong for New China, was captured by Admiral Togo's fleet, and wires that the Sisham arrived at New China with the Japanese in command. The Japanese seized the vessel yesterday off Port Arthur. It is presumed she intended to run the blockade to Port Arthur with a cargo of cattle, flour, rice and general stores for the beleaguered garrison.

CAPTURED MERCHANTMEN.

Rome, Oct. 8.—The newspaper Giornale di Roma reports that Admiral Kam-Vladivostok, captured several Russian merchantmen.

HAVE TO SHOW HIM.

St. Petersburg, Oct. 8.—The local council petitioned Prince Mirsky, minister of the interior, to take proceedings against the sugar and oil trusts. The prince declined, saying that he was convinced that they were acting legally.

REV. DOBBS

FORMER PADUCAH PASTOR
PASSED THROUGH TODAY.

Rev. Gilbert Dobbs, of New Orleans formerly pastor of the First Baptist church here, passed through the city today on his way to Henderson on a several days visit. After visiting in Henderson he will visit in St. Louis and then return home. Rev. Dobbs is well known here and would be easily recognized by his acquaintances as he has not changed a particle.

DELIGHTED WITH OUR HOSPITALITY

Caulkers to End Their Convention
Today.

Election of Officers This Afternoon—
Paducah Man to Be on Board
of Directors.

THE BUSINESS OF TODAY

The third annual convention of the International Union of Shipwrights, Joiners and Caulkers will come to a close this afternoon with the election of officers and the selection of a place of meeting for next year.

The convention has been in session since Tuesday morning, the real business having begun on that morning although the opening banquet was held Monday night. There are two known candidates for president, President Hugh Kirk and Delegate Stackhouse, of Elizabeth, N. J. McDonald is a candidate for vice-president, it is understood, and Mr. Thos. Durett, secretary and treasurer has no opponent.

Two cities are fighting for the next convention, Memphis, Tenn., and Chicago. The Chicago delegate, Mr. G. W. Knott, says he intends getting the meeting.

The first action taken this morning was to vote the executive committee work for the next six months. It was voted that the committee organize local unions in Mount City, Ill., Parkersburg, W. Va., and Cincinnati, O. There are no local unions in those cities and the committee was instructed to take immediate action in organizing.

Another resolution was passed to have the 8 hour work day established in south Chicago and vicinity.

Another resolution drawn up and entered this morning was relative to members who had heretofore taken any part on non-union work, having acted as scabs anywhere, serving on the executive board. This resolution was adopted.

That section of the constitution relating to the establishment of a strike fund, was adopted. There had been some opposition to establishing such fund.

The question of appointing organizers in different parts of the country was brought up. This is the only matter acted on which was not regularly drawn up by resolution. Delegates Shortledge, Grafton and Simpson all made speeches favoring the move and it was decided to appoint such officers. Mr. G. W. Knott was then appointed organizer for South Chicago and vicinity.

A resolution relating to Sunday work was brought up and adopted. This was where union men were forced to work on Sunday. The convention voted the matter within the discretion of the union men, if the working meant the safety of property or life, to work, otherwise not to do so. It was stated that in a number of places the proprietors made the men work whether they wanted to or not.

The convention voted thanks to Mr. Charles Hayman, personally, for his hospitality. Mr. Hayman worked hard to make the delegates feel at home and did so.

This afternoon Friedman & Keiler will present each delegate with a souvenir of the convention and of Paducah. The firm will present the delegates with a bottle of fine Brook Hill whiskey.

This afternoon the finishing touches are being made on the constitution and after this is done the election of officers will be held and a place of meeting selected.

The convention will likely remain in session no later than 5 o'clock and all members will leave tonight if possible.

This has been a very successful meeting and the delegates are loud in their praise of Paducah and the hospitality of the residents and union men.

It is understood that a Paducah man will be selected on the executive board. The board is composed of several members and the members do the organizing where no organizer works. The membership pays a neat salary and there are many applicants for positions. On account of the absence of a member from this part of the country, it is tipped that the Paducah man will be elected, partly through duty and partly in recognition of the hospitality extended members of the unions here.

Lucky men always say it is due to luck.

REGIE CONTRACT

Big Deal Will be Made for Italian Government Soon.

The Head Agents Left at Noon Today After Confering With Tobacco Men.

W. G. Dunnington, of Virginia, and E. R. Tandy, of Clarksville, Tenn., left today after confering here with tobacco men of the district relative to the Italian government contract. Every year the Italian government purchases a vast amount of tobacco 8,000,000 pounds being bought the past season.

Mr. Joseph Ferigo, of New York, is the Italian Commissioner in the United States, and lets the contract every year, and Mr. Dunnington has it now. Mr. Dunnington then sub-lets it, which was his object in coming to Paducah last Thursday.

There has been no Regie agent in Paducah for the past year or two, and will be none this time. It will not be made public for several days yet who will get the contracts in this district, but it is likely that Fields Bros will get the one for Fulton, R. Downs & Co., for Murray, and Lewis & Whitnell for Martin, Tenn.

At Mayfield it is in doubt, it being offered to one firm, it is understood, and declined. Mr. Smith Fields was here day before yesterday and the contract for his district was awarded to him again, as he is one of the best tobacco men in the district. These four districts—Murray, Mayfield, Martin and Fulton are the only places in this section where the Regie people let a contract.

There used to be an agent here to buy under the sub-contracts, but there has been none for two years, Mr. Cunningham being the last one.

MAD INFATUATION PROVES UNDOING OF MISSOURI COUPLE.

Popular Bluff, Mo., Oct. 8.—Quick justice has been meted out to Tom Castell and Mrs. Maybelle Smith, who confessed to a conspiracy to murder John Smith, a workman at a lumber camp.

Smith was shot Sept. 26, while at breakfast. Mrs. Smith aroused suspicion. Then Castell was suspected and both were arrested.

Smith died, and on hearing of his death Mrs. Smith confessed the plot. Castell then weakened and admitted firing the shot. When the indictment was returned neither asked for delay in trials.

Castell was sentenced to death and Mrs. Smith to 99 years in the penitentiary.

Smith was 46 years of age. Mrs. Smith is 20. She admits that her infatuation for Castell, who is only 26, began last winter. The plot to kill Smith was made before the trio moved here from Arkansas last April.

\$100,000 LOSS

Flat Rock, Ind., Oct. 8.—Fire this morning destroyed the building of the Flat Rock Canning Company, the largest in the state. The loss is one hundred thousand dollars. For a time the town, which has three hundred inhabitants, was threatened.

A NEGRO SUSPECT WANTED FOR CRIME

Charles Downer is Being Held for Greenville Officers.

Was Taken Into Custody Yesterday By Officer Hurley at Union Depot.

TO GO BACK AT ONCE

Charles Downer, colored, is in the city prison charged with murder. He and a negro named Will Penn had been loitering about the railroad yards for several days, and yesterday afternoon Officer Aaron Hurley arrested them on suspicion.

The railroad detectives heard that a negro named Downer was wanted in Greenville, Ky., for murder, and one of the negroes answered the description, so the police telephoned last night to Greenville to know if Charles Downer was wanted.

This morning Chief Collins received a telegram from Sheriff W. D. Blackwell, of Greenville, saying that Downer was wanted there for murder, and if under arrest to hold him.

Downer is well known to Special Agent Dineen, of the I. C., and told Detective Dineen today that he shot a negro girl at Greenville, but did not know she died.

This established his identity, and Sheriff Blackwell was at once telegraphed that his man was in jail here.

It is likely that a good case will be made out against Downer, who is alleged to have shot the woman without provocation.

Penn, his partner, is said to be wanted for stealing a ring at Greenville, and is being held to await an investigation.

Downer proved to be a brother of Ben Downer, the negro who near Kevil, Ballard county, shot at Engineer W. O. Burch, on the Cairo train, a few months ago and was sent to the penitentiary from Wickliffe.

He says the name of the woman he shot at Greenville was Aggie Bougas, and claims that she threw a brick at him. He did not seem to be uneasy over the affair.

Officer Aaron Hurley, who made the arrest and worked up the case, left at noon with his prisoner for Greenville.

STREET DUEL

AN EXCITING TIME AT CARBONDALE YESTERDAY.

Carbonale, Ill., Oct. 8.—James Elmore, a painter and bartender who formerly made his home in this city, was shot and seriously wounded in a pistol duel with Hugh Burgen in the street at Marion yesterday. Ten shots were fired by the two men. One took effect in Elmore's left breast. It appears that the trouble was over Elmore's attentions to Burgen's youngest daughter. Elmore has a wife residing in this city on South East street.

Mortician Leslie Greenleaf, "Grundy" Rose and William Clements, who left here last week to get positions in St. Louis, have returned. It is said that Ed. West and Clements got jobs, but Clements did not stay. The others say they will return in a few days.

GEO. H. DAINS DEAD

Former Secretary of Commercial Club No More.

A Victim of Consumption—Remains Taken to Springfield, O.

Mr. George H. Dains, until recently a resident of Paducah, and secretary of the Commercial Club, died yesterday at Asheville, N.C., where he went for his health a few weeks ago. He was a victim of consumption, but none of his friends knew that his condition was so serious.

Mr. Dains had lived in Paducah for a number of years and was formerly editor of The Sun for two or three years. For the past few years he had been secretary of the Commercial Club, of Paducah, and interested in the canning factory.

Mr. Dains came to Paducah from Owensboro, where he was on the Inquirer, and previous to that time lived at Middleboro, and was a school teacher and newspaper worker there.

He was born in Northern New York or Canada, and went to Middleboro during the times of its boom.

He was a quiet, unassuming man, but a gentleman of refinement and ability. He was about 49 years of age, and an earnest member of the Broadway Methodist church. He leaves a wife and little daughter.

Mr. Dains' health failed him a few months ago, and finally became so bad that he was forced to abandon his work here and go to Asheville. He was not benefited, however, and the first news of his death received here was this afternoon, when a telegram came announcing it.

The remains were taken to Springfield, Ohio, for burial.

ANOTHER AUTO ACCIDENT.

Westbury, N. Y., Oct. 8.—During the big automobile races today, while rounding a curve, a sixty-horse power Mercedes turned over. Arents and his mechanic, Mussels, were badly injured and had to be taken to the hospital.

Paul Mussels, who was injured in the automobile race today, died this afternoon. George Arents will probably recover.

PEACE CONGRESS MEETS IN LUCERNE

Attack Made on King Leopold Yesterday.

England Orders the Two Largest Battleships In the World.

IMMENSE BRIDGE IS STARTED

Boston, Oct. 8.—King Leopold of Belgium, was assailed for his policy as sovereign of the Congo Free State, at a public meeting held yesterday afternoon with the international peace congress.

The attack upon King Leopold was made by E. T. Morrell of England, who represented the Congo Reform association. Morrell charged that the king was personally responsible in a large measure for the cruelties practiced on the natives of the Congo Free State by the terrible endeavors of monopolistic commercial organizations to obtain from the country all the ivory and rubber possible.

The king was defended by George Herbert Head, of Cambridge, England, who submitted that King Leopold had done all possible to stop the cruelties practiced.

The congress today accepted the report of the committee on propaganda, recommending that the congress in 1905 be held at Lucerne, Switzerland.

ENGLAND'S BIG SHIPS.

London, Oct. 8.—It is learned that the British government has ordered two record-breaking battleships built on the Clyde. They will be the heaviest armed vessels in the world, have a speed of eighteen knots. They will cost seven million dollars and be completed in three years.

BIG BRIDGE BEGUN.

San Francisco, Oct. 8.—The Southern Pacific Railway Co. has commenced the construction of a great bridge over Carquines Straits, in San Francisco Bay, at Port Costa, thirty miles from San Francisco. The bridge, which will be an immense structure, will cost three million dollars.

WEEKS NEWS IN BUSINESS WORLD

Mr. Charles Hall has sold his interest in the grocery at Third and Jefferson streets to Mr. F. M. McGlathery, who will take charge Monday. Mr. McGlathery was with the Forked Deer Pants factory until it shut down, and will have charge of the grocery, half of which is owned by Mr. Province. Mr. Hall has not decided what business he will engage in.

The city and county school teachers are all today receiving and paying out their salaries. The salaries of the public school teachers for the past month were paid today by Secretary May, and County Supt. Ragsdale has received one sixth the amount due the county teachers from the state fund, \$1,944, which he is paying out as rapidly as the teachers come for it. This means several thousand dollars put into circulation today. The city school teachers are to be paid hereafter at the end of their month, instead of after the regular school board meeting.

The weekly report of R. G. Dunn, for the state, says:

The volume of business in hardware is slightly expanding, while prices are largely increased productive capacity. A better demand for building and structural material is manifest as fears of strikes seem diminishing.

Orders are coming in larger and earlier than last year for plows and implements.

Sales are not up to last year in china and glassware, but collections are good. September sales are 10 per cent. less than September, 1903, in harness and saddlery, but this is considered satisfactory, and the outlook is brighter.

Chair manufacturers are doing a fair volume of business, but orders are for filling in and sample lines. Collections are fair only, and datings on orders are asked for which is not customary at this time.

Manufacturers of furniture feel encouraged at the prospects. City dealers

GERMANY NOW HAS ANOTHER REVOLT

Three Tribes in Southwest Africa on Rampage.

Japan Announces Its Plans of Governing Korea—Army to Be Reduced.

HEATH WINS AUTO RACE

Berlin, Oct. 8.—Germany has a rebellion on its hands in southwest Africa, which appears to be even more formidable than the Herero uprising. The new revolutionists comprise the three tribes of the Wibos, Bastards and Bondelswarts.

JAPAN'S PLANS FOR KOREA.

Tokio, Oct. 8.—Japan has arranged for a complete remodeling of the Korean government. The court functionaries will be reduced and diplomatic representation be lodged in the hands of the Japanese ambassadors. Japanese coinage must be substituted for Korean money. The Korean army will be reduced to ten thousand men.

WON AUTO RACE.

Westbury, N. Y., Oct. 8.—Heath, driving a Panhard machine, won the automobile race, beating all European records. He made a net speed of fifty-seven miles an hour.

LADY CURZON STILL HOVERS BETWEEN LIFE AND DEATH.

London, Oct. 8.—The following bulletin was issued from Walmer Castle today: "Lady Curzon passed a fair night and shows improvement." A third specialist arrived this morning from London.

Supervisor W. C. Waggoner, of the Louisville division of the I. C., was in the city today on business, returning to Central City today at noon.

are not very busy, and carload business is not active, but merchants in the country towns are buying quite freely.

Wagon factories are having a satisfactory volume of business, shipments running in excess of what they were at the same time last year.

Manufacturers of soap are doing a volume of business which is fully up to the standard of business of previous years at this season.

Sales of clothing are not up to last year. Shoe factories are fully a month behind on deliveries.

The leather market is advancing in several lines.

Whiskey is moving freely. Dry goods are active and sales are running ahead of the same period a year ago.

The movement of grain has been rather quiet. The market is irregular, and receipts and offerings of wheat very light.

BANK CLEARINGS INCREASE.

New York, Oct. 8.—The total bank clearings compiled by Bradstreet for the past week, \$2,388,078,911, an increase of 18.8 per cent. compared with the corresponding week last year.

Bank clearings for week, \$799,768
Same week last year, 683,983

Increase, \$115,785

Business has shown up better during the past week, and the fall rush seems to be on.

Today there seemed to be more people in the city, most of them from the country districts, than for some time past, and both wholesale and retailers had a good trade.

It is expected that there will be still greater activity in all branches of trade the coming week, and for the next several weeks. In fact, from now until after the holidays business will get better, according to the predictions of local merchants.

ACCOMPANIED BY MISS MARIE DROFNAH

Great as Mr. Hanford's personal popularity is, he has never permitted it to stand as an apology for deficiencies in the mechanical details of his productions. The costuming he displays represents a small fortune in silks and satins and it has been his pride to present to every city he visits a strictly metropolitan production. Mr. Hanford's company, too, has been selected with so much care that there is no danger of their being overwhelmed by the magnificence of their surroundings. Miss Marie Drofnah, his leading woman, has won golden opinions for her excellent work the past three seasons.

GREATER THAN CREATOR.

The mere announcement that arrangements have been made for two concerts in this city on Oct. 22nd, by the famous Ellery Royal Italian Band, under the leadership of Francesco Ferullo, a young man who is far greater than Creator, is sufficient to arouse the music-loving people of the community to a frenzy of enthusiasm and delight. This band consists of fifty Italian artists and the music produced by them is of an almost hypnotic character, and the audience remains actually spell-bound in the intensity of the attention which it gives to the players and to the wonderful young leader, Ferullo. Those who read the Milwaukee papers will have noted the caricatures and discussions regarding the eccentricities of the magnetic young leader whose intensely emotional directing has caused a world of comment among the audiences. Mr. Ellery, the founder of the great organization of musicians that bears his name organized the Banda Rosa, the greatest band in the world, some six years ago. He also introduced Creator to the public; but in Signor Francesco Ferullo he has a conductor far greater than Creator; in fact, greater than any other band leader who has ever appeared before the American public. Ferullo dresses in white, perhaps to make himself think he feels cool, but the scarlet is inside, running through his veins like liquid fire and showing itself in the passionate glow of the music which his inspired baton calls forth from his eagerly responsive followers. This is

tention and respect, not merely for an attractive personality, but also on account of an increasing ability to vitalize and individualize a character. Mr. Howard it may be said is always at his best, and humor seems to flow from him as though he would not be natural if he

was not funny. Seats have been selling rapidly, and all those desiring to take advantage of the ladies' free offering should secure their seats at once for they will not last long, this popular company being the attraction.

The scenery which Charles B. Hanford uses in "Don Caesar De Bazan," which will be given at The Kentucky Theatre on Monday, Oct. 17th, is strictly in line with the precedents he has established for elegance of stage garniture. Mr. Hanford makes the distinction between legitimate dramatic embellishment and mere gaudy circus frippery. The hint which Polonius gives to Laertes, "Costly thy habit as thy purse can buy, but not expressed in fancy; rich not gaudy," applies to the mounting of plays as well as to personal adornment. Mr. Hanford has striven (and public opinion says, with success) to reproduce the elegance of the times in which the scenes of his plays are laid. The architecture, the landscape gardening, have all been faithfully studied and reproduced with the sympathetic enthusiasm which the artist feels when he knows that he has a subject worthy of his highest skill

PADUCAH'S SPONSOR.

An event of great interest to Paducah will be the christening of the gunboat Paducah at the Morris Heights navy yard on Tuesday next.

The selection of Miss Annie May Yeiser as sponsor was an especially happy one. Of attractive personality, sweet and gracious in manner, bright and clever, she will meet the occasion with honor and quiet dignity.

Miss Yeiser will be accompanied from Paducah by her father, Mayor D. A. Yeiser and sister Miss Florence Yeiser, and Mr. Edwin J. Paxton, and will be joined at Cincinnati by her uncle Mr. Henry Yeiser of that city. The party will stop at the Waldorf and go over on special car to the launching. Miss Yeiser has invited some of the Paducah colony in New York to join her party there, and it will consist of Mr. and Mrs. L. L. Buck, Mr. and Mrs. Urey Woodson, Miss Aline Bagby, Miss Blanche Buckner and Mr. Irvin S. Cobb. After the christening the party will return to New York City and have dinner at Sherry's.

OCTOBER.

Oh! her gown! oh! her gown
Was all of red-brown,
And she'd gold-dust in flecks

A crown lay half seen
In the sheen
Of her hair.

AN ATTRACTIVE PARTY.

Mrs. Thomas C. Leech's "Pompeian Card party" on Wednesday afternoon was a most charming affair and had a delightfully foreign element in its attractiveness. The invitations were on souvenir postals from Pompeii and the tallies and prizes were all from that city, secured when Mrs. Leech was recently abroad.

The handsome Leech home on Fountain avenue is filled with many quaint and beautiful curios from abroad and was a garden of roses on this occasion. The reception hall was effectively banked in white, while the red rose was used in graceful profusion in the dining room.

The first prize was won by Mrs. Albert Jackson Decker. Mrs. Robert Phillips and Mrs. L. Friedman cut for the lone hand prize and Mrs. Phillips was the winner. Mrs. William Bailey of Louisville, cut with the Misses McDonald of Dubuque for the visitor's prize and captured it. Mrs. Bailey, also, won the booby prize, a miniature mandolin in tortoise-shell with "Pompeii" on it. The other three prizes were beautiful pictures, three different views of the house of Vetti in Pompeii.

An elaborate three-course luncheon was served during the afternoon. The cakes being ornamented with the letters "L" and "bow-knots" iced. An orchestra stationed up stairs played during the luncheon. Mrs. Leech's guests were:

Mesdames Marmaduke Dillon, of New Orleans; William O. Bailey of Louisville; Edmonia Daniels of New York; Charles Kiger, Henry Hughes, Charles Moequet, L. T. Garrett, Cook Husbands, W. B. AN APPROACHING WEDDING.

On Sunday morning at the St. Francis de Sales Catholic church the wedding of Miss Della Willett of this city and Mr. Martin L. Orange of Princeton, Ky., will be announced.

The wedding will take place on Tuesday morning, October 25, at 8 o'clock, at the Catholic parsonage and will be a very quiet affair, only the intimate friends of the couple being present. The Rev. Father H. W. Jansen will perform the ceremony and the attendants will be Miss Henrietta Willett, a sister of the bride, and Mr. James Orange, brother of the groom. The bride will wear a white mousseline over silk and her going away gown is a tan and brown tailor suit. After the ceremony the couple will leave for St. Louis on a bridal trip.

Miss Willett is the second daughter of Mr. and Mrs. A. J. Willett of 1204 Broadway, and is an attractive and popular young lady as well as a talented musician.

Mr. Orange is a traveling salesman for the Kemker Woolwine company of Nashville, Tenn., and is a rising young business man and popular socially.

This is the first announcement of the wedding and the many friends of the couple will give them congratulations and good wishes.

LUNCHEON TO VISITORS.

Mrs. Louis M. Rieke gave a beautiful luncheon of nine-courses with fourteen covers on Thursday, with Miss Mary McDonald and Miss Martha McDonald of Dubuque, Iowa, and Mrs. William O. Bailey as guests of honor. The table was a symphony in white and green, the centerpiece extended lengthwise with a tall silver vase of white carnations rising from a bed of ferns, and white candles and shades at each end. The white and green motif was carried throughout with charming effect. The lilies being white balls in green baskets and the mints in the form of white carnations. Each course was perfect in its service and appointment.

After the luncheon coffee was served in the attractive library. Mrs. Rieke's guests were: Mesdames W. O. Bailey of Louisville; A. R. Meyers, T. C. Leech, E. M. Post, Alexander Kirkland, James Rudy, John Campbell, Charles Wheeler, Misses Mary McDonald of Dubuque; Martha McDonald of Dubuque; Emma Reed, Charibel Rieke, Carrie Rieke.

PARTY TO MISS STEWART.

Dr. and Mrs. W. C. Eubanks gave a very delightful "Evening with the Au-

thors" at their home on Broadway Monday night in compliment to Miss Anna Bird Stewart of Cincinnati, who has accepted the chair of English literature in the Paducah High school. The literary idea was cleverly emphasized throughout and the guessing was very spirited. The prizes were books and were captured by Miss Ada Brazelton and Mr. Wilbur May. Miss Brazelton presented her prize to Miss Stewart, the guest of honor. Those present were:

Misses Marietta Streit of Dixon, Ill.; Anna Bird Stewart, Ada Brazelton, Emma Morgan, Madge Grigsby, Mary Mohan, Alice Mohan, Helen Allcott, Ora Leigh, Betty Wearan, Bruce Wearan, Marjorie Bagby, Profs. E. G. Payne, Alexander, Sullivan, F. B. May, Drs. H. M. Childress, S. B. Froage, J. C. Freeland, Messrs. Frank Burns, Wilbur May.

LIBRARY OPENING RECEPTION.

An eventful occasion for Paducah was the opening of the Carnegie library on Tuesday evening. A public reception was held and the building was thronged throughout the hours, evincing the great interest felt in the work. Mayor Yeiser, President Bagby, Mrs. Louis Rieke, Mrs. A. R. Meyers, Messrs. Wallace, Weille and Savage of the board of trustees; Miss Bayham, librarian, and Miss Corbett, assistant, did the honors most graciously. An attractive musical program, and able address by Miss Katherine Sharpe of Champaign, Ill., were pleasant features of the evening.

The arrangement of the library, the books and every detail were much complimented.

THE SOCIAL CALENDAR.

The week in society has been especially gay for so early in the season. The presence of some very charming and popular visitors in the city has caused the more than usual pleasuring. The entertaining has been varied, and some of it goes unrecorded because of its alleged "informality," but all have been pretty tributes to the guests honored.

The calendar for the coming week will be well filled also. Some notable entertaining will be done to honor visitors; and the coming state convention of the Daughters of the Confederacy will bring much of a social nature in its train.

PARTY TO CAIRO.

A pleasant party made the trip to Cairo on the Henry Harley. It was given by Miss Mattie Fowler in honor of Miss Martha McDonald and Miss Mary McDonald, of Dubuque, Iowa, and was a very enjoyable affair. D. A. R. MEETING.

The Daughters of the American Revolution are meeting this afternoon with Mrs. Hubbard S. Wells of Kentucky avenue. Mrs. Wells' report of the state convention in Louisville, to which she was a delegate, is the important feature of the meeting.

The Paducah Chapter is very proud to number among its members a "real daughter" of the Revolution, Mrs. Susan Bennett of Smithland, Ky., age 93, whose father was a Revolutionary soldier. Mrs. Bennett is the only real daughter in this state and received quite an ovation in Louisville. There is some talk of naming the local chapter in her honor and it would be quite a pretty compliment.

AFTERNOON MUSICAL.

Miss Charibel Rieke and Miss Carrie Rieke gave a very delightful musicale on Tuesday afternoon at their home on Kentucky avenue in honor of their charming guests Miss Martha McDonald and Miss Mary McDonald of Dubuque, Iowa, and Mrs. William O. Bailey, of Louisville. The classical program rendered by Prof. Harry Gilbert, recently returned from studying in Berlin, gave much pleasure.

Salads and ices were served, a pretty

feature being that each ice was molded to represent some musical instrument. A number of guests were present.

UNIQUE PARTY.

Miss Bertie Sears of Tyler, above Mechanicsburg, entertained on Monday evening in honor of her 18th birthday. The occasion was unique as well as enjoyable and a large number of guests were present. The lawn of the Sears' place was brilliantly illuminated. There was an Indian wigwam in one portion where Miss Maude Tucker in Indian costume presided, the guests being presented with their fortunes concealed in a peanut. The party made merry around a big camp fire and elaborate refreshments were served. The young hostess was remembered with many handsome presents.

BIRTHDAY PARTY.

Master Tom Bryant entertained a number of his young friends on Monday evening at his home on the South Side in honor of his 13th birthday. THE WEEK'S WEDDINGS.

The marriage of Miss Susie Milburn and Mr. Clarence Kelly was solemnized at the home of the bride's parents Mr. and Mrs. Milburn of Fountain avenue, on Thursday evening. Rev. J. R. Kelly of Kinnandy, Ill., performed the ceremony and the attendants were Miss Ethel Morgan of Memphis, and Mr. Edgar W. Reeder of this city. A number of friends were present and a pretty wedding supper was served after the ceremony.

Announcement of the marriage of Mr. U. S. Duncan of this city to Miss Ida Grace Cummings of Glencoe, Minn., today at Glencoe, comes as a surprise to his friends here. Mr. Duncan is the local Y. M. C. A. secretary and has become quite popular during her short stay here. His bride is said to be quite pretty and charming. They will return here on Wednesday.

DAILY THOUGHT.

It is immoral to do clumsily that
which we ought to do skillfully, to do
carelessly that which ought to be done

fied with ugliness when beauty is within
reach.—Hamilton Wright Mable.

THE WEATHER.

A STRONG MAN OF PEACE.

The president's action in the matter
of arbitration comes somewhat unexpected-
ly to democrats. They grasped the idea
that he was a strong man, some time
ago, and immediately jumped to the con-
clusion that he was a terrible soldier,
a military despot, who only waited the
slenderest opportunity to enmesh us
with all the South American states and
most of Europe. How this was to be
done they did not exactly explain, but
they evidently thought the world to be
situated on a sort of volcano of warlike
feeling, ready to burst out, whenever
there was a crack in the crust. As a
matter of fact, it would be hard to drag
any of the European countries into a
war: the business is too expensive; and
it ought to be expensive. To make war
is a cheap luxury as it was in medieval
times would be far from desirable.But it now becomes apparent that the
whole world is anxious for peace, and
that they are looking to this "terrible
war lord" to help them get it. It is hard
on the democrats. All their documents
and cartoons and things arranged on the
basis that the president is a sort of mili-
tary monstrosity—ought to be labeled
"Look and See the Wild Man from Oys-
ter Bay—He Eats 'em Alive!" And here
came representatives of all the
civilized nations addressing him as the
Strong Man of Peace, who can help them
as no one else can. Interesting sight—
very. But it is hard on the democrats.

ROOSEVELT'S FAITH.

Some of the Democratic critics of
Roosevelt's letter of acceptance say that
he is egotistic in claiming that he and
his associates in the government have
done more for the country than the
it were to come into power. What
they mistake for egotism is simply
the faith of an honest, earnest man inthe cause for which he stands. The key-
note of his position is sounded clearly
enough in his letter:"The principles which we possess, he
those in which we believe with heart
and soul and strength."The policies we have pursued are
those which we earnestly hold as es-
sential to the national welfare and re-
pute."In saying that he speaks for his as-
sociates, Hay, Root, Taft, Knox, Moody,
and all the others with whom he has
been working during the past three
years. Everybody who has come in con-
tact with him during that period knows
the keen joy that he has experienced in
his work—a joy that has sprung from
the consciousness that he was carrying
into practice the principles and ideas of
government which he believes in with
his whole heart and soul.Could there be a more justifiable joy
and pride than this? Roosevelt is an
intense American. He believes in his
country with every fiber of his being.
He believes that certain principles and
ideas carried out in its government will
develop that country's power and glory
and prosperity as nothing else can. He
feels that the accomplishment of the
past three years have demonstrated that
his ideas are sound. What could be
more natural, therefore, than that he
should rejoice at the opportunity
that he has had to serve his country
and to advance it before the world?
Could there be a more laudable pride
than this?Can any fair-minded critic deny that
the things over which Roosevelt re-
joices are worthy and have been of high
value to the country? Has not the
level of administration in all branch-
es of the government been raised? Has
not the standard of efficient conduct
been lifted? Did any other national ad-
ministration achieve so much that ad-
vocates of good government have de-
sired as his administration has achieved?
Why, then, should he not rejoice and
why should he not say, without affecta-
tion or equivocation or circumlocu-
tion: These things we have done; we
believe them to be good; we are proud
of having been able to get them done;
continue us in power and we will con-
tinue to do the same and as much
more as we can?There are times in the career of every
president when he cannot possibly bor-
row another person's backbone, and in
view of that, it is just as well that he
should form the habit of using his own.Tom Taggart has figured out a clear
majority in the electoral college, for
Judge Parker. It will be remembered
that the democrats elected Mr. Bryan
four years ago this month.Judge Parker is said to be anxious
to secure the favor of the Bryan de-
mocrats. He might send them a silver
telegram.Colonel Bryan declares that he loves
peace. He can not expect, however, to
find it in the democratic party.

INTERESTING FACTS.

For Nearly Every Man, Woman and
Child.A short time ago we published an ar-
ticle recommending to our readers the
new discovery for the cure of Dyspep-
sia, called Stuart's Dyspepsia Tablets,
and the claims then made regarding the
wonderful curative properties of the
remedy have been abundantly sustained
by the facts. People who were cautious
about trying new remedies advertised
in the newspapers and were finally in-
duced to give Stuart's Dyspepsia Ta-
blets a trial were surprised and delighted
at the results. In many cases a single
package costing but 50 cents at any
drug store made a complete cure and in
every instance the most beneficial re-
sults were reported. From a hundred
or more received we have space to pub-
lish only a few of the latest, but assure
our readers we receive so many com-
mentary letters that we shall publish
each week a fresh list of genuine, unso-
licited testimonials and never publish
the same one twice.From James Yemmelser, La Crosse,
Wis.: Stuart's Dyspepsia Tablets are
doing me more good than anything I
ever tried and I was so pleased at re-
sults that I gave away several boxes to
my friends who have also had the same
benefits.From Jacob Anthony, Portmurray,
New Jersey: I have taken Stuart's
Dyspepsia Tablets with the best re-
sults. I had Dyspepsia for 6 years and
had taken a great deal of medicine, but
the Tablets seem to take right a hold
and I feel good. I am a farmer and
lime burner and I heartily recommend
to everyone who has any trouble with
his stomach to use these Tablets.From Mrs. M. K. West, Preston,
Minn.: I have received surprisingly
good effects from using Stuart's Dyspep-
sia Tablets. I gave one-half of my last
box to a friend who also suffered from
indigestion and she had the same good
results.From Mrs. Agnes K. Ralston, Cadil-
lac, Mich.: I have been taking Stuart's
Dyspepsia Tablets and I am very much
better, and feel very grateful for the
great benefit I have received in so short
a time.Stuart's Dyspepsia Tablets are a cer-
tain cure for all forms of indigestion.
They are not claimed to be a cure-all,
but are prepared for stomach trouble
only, and physicians and druggists every-
where recommend them to all persons
suffering from Nervous Dyspepsia, sour
or acid stomach, heartburn, bloating or
wind on stomach and similar disorders.

MAKING ROOM

OLD RECORD HOUSE AT SHOP
YARD STORN DOWN.This morning workmen began tear-
ing away the old record house located
at the south end of the scrap iron
sheds in the local Illinois Central shop-
yards, and the entire end of the build-
ing, including the record room and
two scrap rooms, will be converted
into a tin and pipe fitting shop.At present the pipe fitting shops
are located in the west end of the
blacksmith shops, but will have to be
moved to make room for the new steam
hammer being installed. This will
throw the tin and pipe departments
together and will facilitate both de-
partments.The work will be completed in a few
days and the building arranged for
the shops to move in. At first the
road intended building new shops but
decided that the converting of the
record rooms and a portion of the
scrap dump rooms would be better.

ON THE KENTUCKY

THREE PADUCAH BOYS ON BIG
BATTLESHIP—GOES TO
SEA SOON.Mr. T. E. Judd, of the local Illinois
Central car shops, has received a let-
ter from his son, Ben Judd, who is on
the battleship Kentucky at New York,
saying that on October 1st the ship
got hurry orders for immediately
going to sea, and that eleven days is re-
quired in coaling the ship. She took
on 1,500 tons of coal and this will give
an ordinary idea of the amount of coal
consumed by battleships.Mr. Judd stated that the letter read
that two Paducah boys, named Cowell
and Brown, the former who resided
near the Dogwood factory on the
North Side, and the latter who lived
near Eleventh and Tennessee, have
been assigned to the ship. This makes
three Paducah boys on the ship.

HOLDING STAFF MEETING.

Supt. A. H. Egan, of the Louisville
division of the I. C., is today in Loui-
sville holding a monthly staff meeting

Master Mechanic R. J. Turnbull are in
attendance.PEANUT RAISING TO
BE STARTED HEREIt is Found That Goobers Thrive
Well in McCracken.Experiments a Success—Superior
Quality Will Yield \$215 an
Acre.

MANY ACRES TO BE PLANTED

If there is anything that will pay the
farmers of McCracken county and West-
ern Kentucky it is peanuts.On display at Grace's cigar store, at
331 Broadway, is a bunch of goobers
raised by the Southern Peanut company,
of this city, on the Exall place, about
a mile from the city, on the Broadway
road. The production was 200 bushels
per acre, and the quality is fine.J. W. Scott, manager of the Southern
Peanut company, was interviewed this
morning by a Sun reporter and said the
yield was a great surprise to him.
"They will pay the farmer better than
tobacco or cotton," he said. "The pean-
uts are better than any raised in the
entire country.""The big goober raising states are
Virginia and Tennessee, but their nuts
are no comparison to those raised in
McCracken county this year. The qual-
ity is superior and the quantity per
acre much larger. They are superior to
the Virginia and Tennessee goobers, and
the color and filling is a great deal bet-
ter."He said that the nuts alone his com-
pany raised on the Exall place would
net \$175 per acre and the hay would
bring \$40 an acre, making a total of
\$215 an acre. But one crop a year can
be raised, but at this rate, and it is
based on the present market price of
goobers, there is not anything but wheat
at \$1 a bushel that will beat peanuts.This year about 500 or 600 acres of
peanuts were planted in Western Ken-
tucky and they are in the counties of
McCracken, Graves and Ballard.Next year Mr. Scott expects hundreds
of acres of peanuts to be planted. His
company has furnished the seed for
nearly every crop now growing in the
three counties mentioned. It was not
known until this year that goobers
could be raised in the soil of this coun-
ty successfully.

CANNOT GO

FORMER CONGRESSMAN O. K.
WHEELER DECLINES THE
CITY'S INVITATION.Hon. Charles K. Wheeler to whom
the general council extended an invita-
tion with full expenses to go to
Morris Heights, N. Y., to the christen-
ing of the gunboat Paducah, stated
this morning that he could not go and
regretted that his business was such
that would not permit him to make
the trip."I consider it a great compliment
to receive such an invitation," Mr.
Wheeler stated, "and I am sincerely
sorry to have to decline it."It was due solely to Mr. Wheeler's
efforts that the gunboat was named
the "Paducah," and the people of Pa-
ducah give him due credit for it.
They would be pleased could he go up
and assist in doing the honors for
Kentucky and Paducah on the auspici-
ous occasion.

FOR GUNBOAT

THE CITIZENS SHOULD PUR-
CHASE A SILVER SERVICE.When the gunboat Paducah, to be
launched Tuesday, is complete, which
will not be for some little time yet, it
is fitting that a silver service should
be presented for her by the citizens of
Paducah. This is proper and right,
and is always done by the state, city
or town for which naval vessels are
named. A silver service would cost a
few hundred dollars, but it can easily
be purchased if the progressive citizens
to their duty, and it is believed they
will.Mr. Stanley DuBois, president of
the Commercial Club, has headed the
list with a subscription of \$10, to
create a fund for buying the silver-
ware. Others should help get it start-
ed by also subscribing to the fund.

PARTY FOR THE FAIR.

Quite a crowd leaves tomorrow for
St. Louis to attend the world's fair.
Among them are Misses Katie and Eva
Bauer and Master Edwin Bauer, Miss
Mamie Dargel, Mr. Frank Dargel, Mr.
Robert Chastaine, and probably others.
They expect to be gone a week or longer.

TO BE REPAINTED

THE J. S. WILL BE PULLED OUT
ON THE MARINE WAYS HERE.The big St. Louis transfer steamer
J. S., which has run several excu-
rions out of Paducah, is here to be
hailed out on the ways. It is likely
that no repairs are needed, but the
owners want to make an inspection
and have done whatever is necessary.The big steamer will also be re-
painted while here, and Contractor
Martin, the well known steamboat
painter, will probably get the con-
tract. The steamer will remain here
some time before proceeding south for
the winter excursion business in the
lower Mississippi.Captain D. W. Wisher, general
manager, leaves today for Dubuque,
Ia., to spend a few days at home.
The boat, he estimates, will be here
about three weeks undergoing paint-
ing and repairs.

LOTS OF DOINGS

THIRD STREET A LIVELY THOR-
OUGHFARE THIS MORNING.Third street was a lively thorough-
fare this morning for a short time.There was all at one time a dog
fight, a rat killing and a monkey and
Dago. The dog fight was intensely
interesting, as it was between a bull
dog and a cur. Each had its friends,
but the animals were separated before
they could eat each other up. No ar-
rests were made.The rat killing drew a larger crowd
than a street fair could have attract-
ed with free samples, and when the
rat was dead and the belligerent dogs
had departed from the neighborhood,
everybody made a rush for the monkey
and organ.

BASEBALL NEWS

CAIRO PAPERS FURNISH US WITH MORE "DOPE."
The Cairo News says:
"Paducah and Henderson have not paid their membership fee to the National Association of Professional Baseball teams and are therefore not entitled to any protection from the association. Therefore these clubs cannot retain any of their players. Cairo, Vincennes, Clarksville and Hopkinsville have all paid their \$25 fees, like true sportsmen; but it is only natural that Paducah should renege."
"Secretary Patnaker returned today from an extended visit to St. Louis. Mr. Patnaker has also been busy fanning the new league in which Cairo is to start next season. He refused to give out anything for publication, however, but hinted that he had been successful."

The action against Jeff O. Shaw, the young man who was arraigned in police court a few days ago for carrying on a picture enlarging business without a license, was dismissed, Shaw taking out a license.

He is talking of suing the city for \$2,000 for requiring him to pay a license.

"DO IT TODAY."
The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Bosche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs German Syrup will surely effect a cure—as it has done before in thousands of cases of lung trouble. New trial bottles, 25c; regular size, 75c. For sale by DuBois, Kolb & Co.

The chance is it can't help it.

PUBLIC IMPROVEMENT COMMITTEE PASSES ON MARKET HOUSE PLANS.

A meeting of the Public Improvement Committee of the general council was held last night to consider the enlargement of the new market house. It seems that the plans call for a building that will not hold as many benches as are necessary. It was thought that the same number could be placed in it as in the old one, but this is a mistake, and the committee decided to lengthen the building 25 feet, 12 1/2 feet on each end, which will cost about \$1,600 more than the contract price.

In regard to the petition of marketeers to enclose the ends in order to insure their protection from the elements in bad weather, the committee decided not to grant it, and refused. The committee will make its recommendations to the two boards at their next meeting.

SUNDAY SCHOOL RALLY DAY ENTERTAINMENT.

The Mechanicsburg Methodist Episcopal Sunday school will give another one of its excellent programs, on Sunday evening, beginning at 7:30 o'clock. The various benevolent societies and boards of the Methodist church have arranged to furnish all its schools these splendid entertainment programs, four times each year, namely—Christmas, Easter, Children's Day and Sunday School Rally Day, thus making one for each quarter. The Mechanicsburg church, though small numerically, believes in carrying out all the different means of grace, provided for by the parent boards and as the future strength and hope of the church lies in the youths of our land, it becomes very important, that we interest our children in Sunday school. We were pleased to know, that all who attended our last exercise of this kind, that of Children's Day, enjoyed it very much and in behalf of the children, who took part in the work, we vouchsafe to say, that on Sunday evening, next, the services will be equally as good. The house will be tastefully decorated with fruits and flowers and the leaders will all carry banners, suitable for the occasion. Come, everybody and let's cheer the boys and girls as they rally to the support of the mighty hosts of Sabbath school workers of our country.

The Barrett was at Cairo Wednesday.

The Wabash river is still falling. The lower end of the Wabash has been cleared of snags.

It is the intention of those in authority to send the government snagging steamer up the Wabash this fall to remove the snags probably as far up the river as Mt. Carmel, and it is expected that it will come as soon as the water reaches a boating stage.

The little towboat Edna has been rebuilt at Natchez.

There is no sign of a rise in sight, and many think there will be none until next month. It would not require a very cold snap to freeze up the Ohio at its present stage.

The Cleveland Review says: When the supervising inspectors in charge of the various lake and river districts under jurisdiction of the United States steamboat inspection service meet in Washington next winter it is expected that they will recommend that a number of new laws be passed and many of the old ones amended. With regard to passengers boats the local inspectors at various ports are absolutely powerless to use their judgment in issuing licenses. The deck space is measured and the number of passengers the craft shall be allowed to carry is governed accordingly notwithstanding other conditions, which in the judgment of the inspector, should curtail the allowance.

The Helen Blair burned at Davenport, Ia., last Sunday night. The Mayflower burned at Pittsburg at the same time. Next? There are always three of a kind.

The stern-wheel steamer J. W. Thomas, running under charter in the Evansville trade, hit an obstruction near Blue river coming up Wednesday and sank. The accident is not a serious one and she will be raised and taken to Louisville. She had eighteen inches of water on her deck and was bulkheaded.

The river took a sudden tumble last night, falling over 5 inches. It is today 1.7 and falling. The weather is clear and pleasant.

The Henry Harley was late getting out from Cairo this morning, making some transfers from the "J. S." for Cairo.

The Tennessee is getting a good trip of passengers and freight for Tennessee river, and leaves at 6 p. m. today. The Royal arrived this morning from Golconda and returns this afternoon.

The Charleston is due to arrive tonight or tomorrow from Tennessee river, and returns Tuesday.

The Bob Dudley will arrive tonight or tomorrow from Evansville, and remain here until 10 a. m. Monday.

None of the tie boats are now moving, owing to low water. It is said that the Tennessee river is the lowest in many years.

LOST HIS BALANCE

SMALL BOY, IN SHOOTING THE CHUTES, IS BADLY HURT.

Harry, the 5-year-old son of Mr. George Bondurant, foreman of the wood working shops of the local Illinois Central, fell from a plank he was playing with in his father's back yard yesterday afternoon and badly cut his face.

The little fellow was playing "shooting the chutes," having placed the board on top of the fence, the other end on the ground. He would climb up and slide down, but lost his balance and fell face downward. His nose was badly skinned and a deep gash cut in the left eye. The injuries are painful, but fortunately not serious.

BENTON GRAND JURY WANTS MORE TIME IN WHICH TO INVESTIGATE.

Circuit Judge W. M. Reed returned last evening from Benton, where he went to discharge the grand jury if it was ready. He found a number of indictments ready to be returned into court, all for misdemeanors except one, against a young man, now a fugitive from justice, for detaining a woman. It is likely he will never be caught, but he has been indicted.

The grand jury was not ready to adjourn and will probably remain in session until Wednesday next.

RIVES

The road curved quickly and lurched into a pine forest, where the day filtered to twilight and the hoofs fell noiselessly into a carpet of brown needles. It was a pleasant way, full of mingled odors, all strangely pure and agreeable, where clambering wood things piped to a musical silence.

"Tis not all Virginia, after all, that one sees here, monsieur," she said slowly after a time. "Far to the west of us is a vast region, raw, full veined and of scattered tenants. There are great mountain peaks and ravines, wastes waiting seed and hoe, plateaus and woodlands where the musket and the ax are never silent. Deer run in the brake. Wolves race along the ridges. There strong men have lived and died and fought back the savages and cleared themselves homes. Their children have grown up unyielding like the granite in the mountain's heart, untrammelled like its torrents. And this life amid the silences has taught them a justice that may not be bought, a strength that knows neither fear nor favor. The region you see here, monsieur, to this great waste I speak of is but the ravaged edge.

"Here broad rivers run brackish with the water, and ships lie at the wharfs. They bring to our manor houses all of luxury and refinement which Virginia tobacco can buy. And here the planters—for Virginia was first settled by gentlemen, monsieur—choose to put on courtliness and dress in gold lace and make a bit of London for themselves on the edge of the wilderness.

"Just beyond those hills to the southward is Williamsburg, the capital they have built. It has a college and a court. There the stocks are ever flitting, the horses are ever running, the fiddles are ever playing, and there in his palace sits the royal governor, his majesty is pleased to put over his colonials, levying on their land and sneering at their backslings."

"The Earl of Dunmore?"

"Aye, my lord the earl. Think you he knows one whit more of this Virginia than does the king, a thousand leagues away? He drinks in his palace and drives his white horses and bullocks his burgesses, the representatives whom the people have elected. They must please him or he dissolves them. The king has forgot that the Virginians are Englishmen and that Englishmen love freedom."

"And Englishwomen, too," he said.

"We can do little," she went on. "We want to work. All we can do is to hope and to wait."

"Little?" There was a thrill in his tone. "Little? You call such a hope, such a feeling, small? You think it valueless or weak? Ah, mademoiselle, know you what makes a lady adorable to a man's heart, what makes him worship her? It is that she inspires him; that is it—not to dress for her or bow or sing her little songs, but to toil, to struggle, to fight, to die maybe—something high like the stars. Man has a want for two things—a cause to fight for first, and then—then a one, a perfect one, a loved face, to wait and smile on him when he has won."

"With this a man could do miracles. Ah, it could make of a poor nobody a king, an emperor! I, even I, mademoiselle, a stranger from another land—I could fight so well for these great things, for this Virginia of yours, if I—if I—"

He paused. There was a tense moment.

Then the air filled itself with a long, dull sigh, and on its train came a sudden snapping of dead boughs, an unjoined, cracking report, and both looked up startled.

A strange faraway circumstance had had part in this. Indians had not been used to fell trees as did their white conquerors. Instead they cut deep rings into the bark and let nature be axman. These trunks fell when dry rot had done its work, sometimes in storms, often when no wind stirred, crashing in a forested silence. A quarter century before perhaps a Mattaponi brave had thus girdled a great pine with his tomahawk, and it was this dead tree, its limbs now white as bleached wolf bones, which was now, after its time, leaning to its fall from the roadside.

A shriek burst from Anne's lips as she saw the toppling bulk through the window, and she started to her feet. Simultaneously came a howl of terror from Rashleigh and a leaping jerk from the horses as he tried to lash them to safety.

There was an instant when the huge bole seemed to hang motionless in the air above them, an instant in which Anne frenziedly wrenched open the door and made as if to leap out. The same instant Armand seized her, dragged her back and threw himself and her against the rear wall of the chariot.

She struggled, but he forced her back and held her as the groaning mass came to earth with a crash that rocked the ground.

Anne, conscious even in her ecstasy of fright of a sense of safety in his arms, felt the body of the coach crush like an eggshell. She had hidden her face on his breast and shut her eyes, waiting the end. The whole world was a splinter of glass, a ripping of boarding, a sickening jumble of thuds, through

which slatted the agonized squeals of the horses.

Then there was stillness, broken by Rashleigh's sobbing scream:

"De good Laved, Miss Anne! De good Laved! Is ye daid?"

She opened her eyes and looked up. The riven trunk lay right athwart the forward cushions, where it had crashed its way through. A great, gaunt, limbed, broken off, thrust itself a yard from her face, and through the jagged edges of the top she saw the far foliage swaying.

Armand's face bent above her. It was white and strained with an anguish that was slipping away, but it was calm.

Rashleigh's head appeared at the wrecked window, his features blue black with fear.

"Bress Gord!" he stammered, his grizzled forehead working. "Bress his name! So ye ain' hurt, honey? Den I gwinter ketch de hosses fore dey scare missus to deff!"

The head withdrew, and Anne tried to smile up at Armand.

"We are safe," she said, speaking slowly, like a child. "I know. 'Twas—so sudden. Let me—wait a moment."

SAVED HIS LIFE.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. Sold by DuBois, Kolb & Co.

PIPES WILL IMPROVE.

WHERE WORK IS A REAL PLEASURE

Health, Recreation and Profit-Sharing of Employees.

The Boston Sunday Herald of September 20, contains the following interesting article:

In these days of strikes and lockouts, when it seems sometimes as if the whole country were in the midst of an industrial revolution, it is refreshing to turn to the consideration of another method of solution of the relations between the employer and employee, as successfully exemplified by Thomas G. Plant company at its great shoe factory in Boston.

Let it be clearly borne in mind that the chief cause of the present industrial conflicts is the disappearance of that old friendly relationship between master and men, which existed when the owner lived near his factory and went in and out daily among his work people.

Today, in great industrial establishments, such a personal relation is, perhaps, no longer possible; but there is another way of showing that friendly consideration which makes for industrial peace and the Thomas G. Plant company has evidently studied the problem and splendidly mastered the solution.

It is only an elaboration of an old precept called the golden rule, but in point of fact it is sound business economics.

The "Queen Quality" shoe factory is not only the largest shoe factory in the world making women's fine shoes, but it is probably the most advanced and progressive in its methods.

Take, in a single feature, its profit-sharing, sick and death relief and saving fund department, which is a model of organization. It operates along the lines of encouraging the workman to higher efforts. He receives special considerations in proportion as he is frugal, industrious, neat and constant at his work. In the final division of profits, in promotions, in the matter of steady employment, and in all cases of discharge, preference is given to the most deserving members of this department. The "Book of Regulations" is a model of what such regulations should be, and is to be heartily commended to every employer of labor.

Take another instance. One of the most successful of the co-operative departments is the recreation department. The gymnasium is very complete. It is in charge of one of the best professional instructors in the country; there is also a woman instructor from the Boston Normal School of Gymnastics. The methods of class work are admirable. Sixty members can be drilled in evolutions on the floor at one time. Sixty bath are provided, controlled from one central point, with devices for graduation of temperature of the water. All have separate dressing rooms. Gymnasium suits are dried in a large flume by the hot fresh air system. There are four or five different classes each evening. About one half of the 2,800 employees are members of the gymnasium.

The library and reading room is another feature. It is in charge of a regular attendant librarian. It is open at all times, and is a branch of the public library of the city of Boston.

The bowling alleys and billiard room for men, and the music, dance and recreation rooms for women, need not be

specially described. They are very popular with the employees. There is a model lunch room, which supplies clean, healthful food at the actual cost of its preparation. The company provides for its operatives two beds at the Emerson hospital, and all cases requiring surgical attention are sent there, with no cost to the individual. It provides at the factory a couch and a woman attendant; any one taken sick on the premises is at once made comfortable. To begin with, the Thomas G. Plant company realized that it was good business policy to help the employee to health; that only working people of healthy mind and body do good work; and mind and body must play as well as work to be really vigorous. Hence the establishment of the gymnasium, recreation, lunch and reading rooms—devoting to the above a total floor area of 25,000 square feet—and a system of fresh air ventilation which changes the air throughout the building every 15 minutes; workrooms light and airy and a marvel of cleanliness.

These are only outlines of some features of the system in force at the "Queen Quality" shoe factory, but they reveal certain industrial probabilities which are worth considering. With improved conditions comes industrial peace. A workman who knows when he is well off prefers not to strike; an employer who is making money prefers to keep things going smoothly. This may be cold materialism, but it is common sense. Shoe factories have been notoriously the scenes of labor conflicts in the past; but the relations of the Thomas G. Plant company with its employees show that it is possible to have vastly improved conditions in the shoe factories of New England.

LINDO PLEASED

CALLS TO INFORM A WAITING WORLD THAT HE IS FREE AGAIN.

Lindo Murphy, "King of bootleggers," was released from jail yesterday afternoon, and is now free to "bootleg" some more. He takes his troubles with Uncle Sam and the civil authorities good naturedly, and called at the Sun office yesterday after being released to say that he was out again, and that the "King of bootleggers"

had friends left, or he couldn't have given a \$1,000 bond. Somebody down in the local option regions must miss Lindo's merciful ministrations, and he has been bailed out. He has probably been arrested more than any other person in Kentucky for violation of the revenue laws. It is confidently expected that he will be back with Jailer Jones in a short time, as it is said of Lindo that as long as there is any whiskey to be had, he can't keep from selling it.

WON HIS CASE

JUDGE W. M. REED RECEIVES GOOD NEWS FROM CLINTON, KY.

D. Johnson, an insurance man for many years a resident of Paducah, but now of Clinton, Ky., yesterday afternoon got a judgment at Clinton, against the Provident Savings Life Insurance Company for \$1,458 for alleged false arrest. Judge William Reed, of Paducah, was his attorney, and returned night before last after trying the case there. Johnson was at one time agent for the company but went with another company, and in his advertisement for business stated things for which the company is alleged to have had him indicted. After he was acquitted he sued for \$2,000 damages, and at the first trial got a verdict for \$1,200 but an appeal was taken and a new trial ordered. This yesterday resulted in a larger verdict than the first.
